Company Profile

CUNIX, since its inception in 1992, has been at the forefront in providing innovative solutions to its clients spread across various industries and geographies. We are a management consulting firm. True to our vision, we are committed to transform challenges into opportunities and provide innovative solutions with customer-centric approach. We are dedicated to partner with our clients in the journey of solving critical business problems. We realize the difference we are making while going through the amazing testimonies of our clients. As an organization, our value are resilience, innovation, and vast learning's and rich experience. Our learning's have enabled us to accumulate knowledge which makes us focus on delivering superior results to our esteemed clients, partners and associates.

Course Details :

A detailed view on CMMI V3.0 Development domain practice area and its practices would be covered in this 1-day course titled "Building Development Excellence". This 1-day course can be taken immediately after 2-day course "Foundations of Capability". Combination of both these courses, would provide detailed and comprehensive information on CMMI V3.0 Development domain specific practice areas and practice statements.

BENEFITS:

- ❖ The participants can connect CMMI Development model with business values/ objectives.
- ❖ Get well versed about aspects involved in preparing organization for CMMI appraisal (Development domain).
- ❖ Get acquainted with CMMI and business jargons and terminologies.
- ❖ Seamlessly and effectively interpret CMMI Development model in business context to various stakeholders/ organizations.
- ❖ Play a bigger and impactful role in CMMI consulting.
- ❖ Set the foundation to apply and get certified as 'CMMI V3.0 Associate.'
- ❖ It's a pre-requisite for becoming 'Appraisal Team Member' and 'CMMI Consultant' in Development domain.

8 Excuses to attend this training:

- ❖ Enhancing process to embellish work life and get more time.
- ❖ Extra knowledge that will be gained on account of Hitesh having such wide spread knowledge and experience.
- ❖ Exposure that the participants will gain to the various domains and geographical areas, as Hitesh has trained individuals in more than 19 countries.
- ❖ Double the benefits that participants will gain in terms of lifetime support to solve queries and doubts arising after the training, much of knowledge sharing and information gaining within the training itself.
- ❖ Detailed CMMI V3.0 HMC course ware that will be distributed to the participants and which the participants can refer to as per their wishes.
- ❖ Certificate that will be given to the participants at the end of the workshop.
- ❖ In depth knowledge as its said 'an hour spent with an intellectual equals years of reading.'
- ❖ Live examples that are drawn from the real life practices of Hitesh and case studies of mature world class organization.
